

MEMORANDUM FOR: ICS (Attn: )

FROM: EA/DDCI

The DDCI feels that the poster is okay. He would like you to do a little more work, however, on coming up with some suggested topics. He suggests that you consider the long-range NITs and  work in updating the Capabilities Study and in long-range planning for some other ideas. If any of the topics you suggested are now currently being addressed, he would suggest deleting those. Perhaps, if you haven't done so already, you could check with some people around town like Dick Kerr or Hugh Montgomery for some ideas.

Att:

DCI/ICS 83-4405

Date 7 June 1983
